Students will also be required to complete mandatory work placement of **120-days** (Sea Service Time). If required a Task Book will be provided upon enrolment.

Many students undertaking this course have already completed the below four units as part of another Maritime qualification or as part of the MARSS00008 Shipboard Safety Skill Set.

- Workshops (in class face-to-face)
- Online Training (including webinars and skype training sessions to facilitate one-on-one training)
- Self-paced and self-directed learning

All students have access to their own trainer available via phone (Mon to Fri 0900 – 1700) or email and text (at any time) for additional support.

For every unit in which they are enrolled, students may be required to attend that relevant unit in a workshop at least once in the 12 months of their enrolment. This may be done over one workshop or over multiple workshops.

QMTS offers:

- flexible training opportunities through workshops
- students training times to suit them (especially for students who are employed)

Please Note:

- These workshops are available for students to attend as many times as required during their enrolment period.
